Being raised in Bend, and here now for over 25 years I have a load of knowledge of the whole central Oregon area. I graduated from Mountain View High School, and never wanted to leave the Bend area. My family has been in the construction and Real Estate business my whole life, and I chose to follow that path as well. When I am not helping people with their real estate dreams and goals, you will find me in the mountains snowmobiling with friends or on the golf course once the weather gets warmer. Let my long time local knowledge be the advantage for you and your family.

PROFESSIONAL FOCUS—MY CLIENTS!

The number one reason I do what I do is for the people that I get to work with. My goal is to always exceed your expectations in every situation throughout the process. Whether you are buying or selling, my goal is to make it as fun and stress free as possible for you as my client. I am passionate about helping people and making life long relationships, not just business deals. As long as I am helping you fulfill your dreams, I am fulfilling mine.

BUSINESS PHILOSOPHY AND WORKING STYLE

My business back ground was Customer service and management for 12 years, and made the jump to Real Estate in 2015. It was an easy move for me because It's still all about the client and the people. I am very easy to work with and am all about communication. If I don't have an answer for your question I will always find someone who does to get you an answer. My main goal is to make sure that I take care of you, whether that is buying or selling your first house, your dream house or investment properties. I am here for you!
